Do You Believe In Victory?

Proverb 9:10

“The fear of the LORD *is* the beginning of wisdom,
And the knowledge of the Holy One *is* understanding.”

Do you believe in Christian Education? As you know our teacher's and staff work for far less than they would earn if they were employed in the public sector. They do this because they believe in the **mission** of Christian education. They recognize that a Biblical Worldview is an essential part of all learning and education. They believe that instruction without God is **God less** and produces **ungodly thinking!** If you share this mission, please help us grow as a ministry by promoting Victory Christian Schools to your friends and contacts!

Last week I said that I would let you know of the exciting changes we have coming up at Victory Fair Oaks in the next several months. One the most exciting changes is a program that we are beginning called the Enrollment Incentive Program or **EIP**. This program will provide one month of free tuition to any Victory family for each new referred family enrolled, on a one for one basis. So if you refer one family who enrolls at Victory Fair Oaks Campus, after they have been enrolled for three months, you will receive one month free tuition! Two families would be two months and so on. Our goal is to increase our enrollment for next year by at least 25 students in order to balance our budget. We're asking for your help and want to thank you for your efforts with the **EIP**.

Another exciting event is the replacement of our old portable buildings with new, larger buildings! Grace Bible Church will begin the replacement next week, so that they will be ready for us to move into in August!

Several families have asked how they can help with the new buildings and other projects in the upcoming year. Our greatest need currently is \$4000.00 for funding to replace some of the tables and some of the chairs/desks in a number of our rooms. If you can help us financially, please send your check to the Fair Oaks Campus Office at 5010 Hazel Ave, Fair Oaks 95628, and designate your tax deductible gift to the “furniture fund.”

And last of all, we have an opening for a Buildings Maintenance Supervisor for all Victory Christian Schools campuses. If you are interested or know of someone, please contact the business office for details at 488-5601. Have a blessed summer and thank you for your support of Victory Christian Schools!
